Daintree® Series Door Furniture

Description

Lockwood Daintree furniture is available in the traditional and classy round rose version as well as a modern and stylish square rose series.

All square roses feature locating lugs that ensure perfect alignment on doors.

Application

A range of high quality levers suitable for use in residential buildings and semi commercial applications.

Designed and manufactured in Australia for use with Lockwood Synergy 3570 Series mortice locks and A5250 tubular latch.

Door Thickness

- 33 mm minimum for A5250 latches

- 32 mm minimum for Lockwood 3570 Series mortice locks

- Maximum door thickness 45 mm

- Refer to page 11 for information on screw and spindle options to suit thicker doors

Fixing

Roses are designed to fit back to back and fixing points are concealed. The Daintree mechanism incorporates a lever handle torsion spring which provides a positive feel and increased product life. All lever handles are reversible.

Rose Dimensions

Round Rose: 55 mm diameter x 12.5 mm
Square Rose: 57 mm x 57 mm x 12.5 mm

Materials

Zinc die-cast

Standard Finishes

Chrome Plate	CP
Gold	GLD
Polyester Powdercoat	PPC
Satin Chrome	SC
Silver	SL

Handing

A removable stop screw allows all symmetrically designed levers to be handed on site.

🔥 FIRE RATED

Daintree Door Furniture has been successfully fire rated up to four hours on fire door assemblies in accordance with Australian Standard AS 1905.1:2005. Part 1: Fire-resistant doorsets.

Security

All Daintree door furniture conforms to the highest requirements of the Australian Lock Standard AS4145 Parts 1 & 2:2008 and achieves the highest security level when used in conjunction with an equivalent level of physical security of the lock.

Durability

All Daintree door furniture conforms to durability requirements level D8 of Australian Standard AS 4145.2:2008 Part 2: Mechanical locksets for doors and windows in buildings.

Privacy Adaptor

Description

The privacy adaptor has a patented built in clutching mechanism which allows the engaged mode to be overridden by use of specified force applied in a single downward action on the lever. This will allow entry in an emergency situation without the use of any type of tool.

Once in this position the latch is automatically held back. If the door has been fitted with lift-off hinges, the hold-back feature will assist when removing the door in an emergency.

When Safety, Privacy and Convenience is required the Daintree Privacy Adaptor makes good sense all round.

Fixing

The privacy adaptor can be installed onto any existing Daintree lever set and standard A5250 tubular latch. Instructions, screws and spindle are supplied with every adaptor.

Door Thickness

Suitable for door thicknesses of 32 to 45mm.

Standard Finishes

Chrome Plate	CP
Gold	GLD
Polyester Powdercoat	PPC
Satin Chrome	SC
Silver	SL

Limiting Dimensions
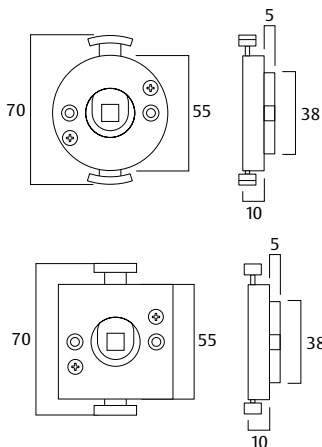

Safety

A single downward action is required for a quick entry in an emergency. No tool required. Hold-back function will hold back the tubular latch to assist in the removal of a door fitted with lift-off hinges.

Privacy

Ergonomic design ensures easy operation of snib in a vertical action for engaging privacy function.

Locked **Unlocked**
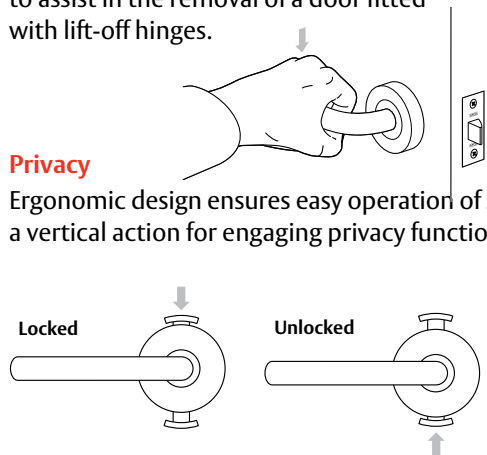

Convenience

The Privacy Adaptor can easily be fitted to existing Daintree Series Door Furniture using a standard tubular latch (A5250).

Thicker Door Accessories

Lockwood Daintree door furniture is suitable use across a wide range of door thicknesses. In certain applications longer screws, spindles and turnsnib tailbars may be required.

Screws

Part Number	Pack Size	Length (A)	Threaded Length (B)	Door Thickness Min	Range Max
SPA20-V3 NSS	20	65mm	40mm	32mm	45mm
SP0655MBK	10	75mm	40mm	42mm	55mm
SP1800-608ZP	10	120mm	75mm	52mm	100mm
SP1800-208SS	10	215mm	125mm	97mm	195mm

Note: item shown in red is the standard screw that is supplied with furniture.

Mortice Lock Spindles
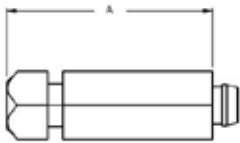

For thicker doors, when Lockwood Daintree Door Furniture is used with Lockwood Synergy Series Mortice Locks, longer spindles may be required.

| Part Number	Pack Size	Length (A)	Door Thickness Range Min	Max
SP3570-5018	10	33mm	35	50
SP3570-5228	10	45mm	50	75
SP3570-5238	1	58mm	75	100

Note: item shown in red is the standard spindle that is supplied with mortice lock.

Turnsnib Tailbars

The door thickness range for a turnsnib tailbar will depend on whether the turn is in a cylinder and turn configuration or a privacy (turn and turn) configuration.

Part Number	Pack Size	Length
SP571-38ZP	10	47mm
SP571-138ZP	1	98mm

Note: item shown in red is the standard tailbar that is supplied with furniture.
